Hosting Overview: Magento Kickstart Solution

Support Scope

Magento Installation and downloads

Support for installation includes best practice recommendations for server and hosting environment, fresh installations of Magento or troubleshooting of existing installations and downloads.

Magento Usage issues

Our expert Magento consultants can help you make the most of Magento and answer any "how to" questions from catalog setup to advanced marketing promotions.

Basic configuration issues

If you're having any issues with product configuration, we can help you configure Magento so it's setup correctly with all your payment modules, shipping options, tax rates, languages, and much more.

Troubleshooting, Bug Fixes and Escalation

We can help you with diagnosis and in most cases, the resolution of any functional or visual issues in the Magento Core product.

Not included in our Hosting plans:

- Code Development, Development Support
- Optimization and Performance Tuning
- Custom Extensions, Custom Interfaces
- Custom Configuration
- Core Product Upgrades

LIVE CASE STUDIES

The screenshot shows the Magdeveloper website interface. At the top, there is a navigation bar with links for 'My Account', 'My Wishlist', 'My Cart', 'Checkout', and 'Log In', along with a search bar. The main header features the 'Magdeveloper' logo and a menu with categories like 'SOFTWARE', 'PARTNERS', 'SUPPORT', 'SCREENCASTS', 'NEWS', 'FORUM', 'COMMUNITY', and 'SOLUTIONS'. Below the header, a red banner reads 'Leading Magento software solutions'. The main content area includes a 'Did you know?' section with a line graph, a 'COMPARE PRODUCTS' section stating 'You have no items to compare.', and a 'COMMUNITY POLL' asking 'Do you want to save time and money on importing products?'. A central promotional box for 'Maguniversal product importer' features a 3D product image and text: 'Premier Solutions to extend your business! (Don't use quest checkout, Instead register here.)', 'Extend your Magento Webshop', and 'Try out our software?'. Below this, a 'featured products' section lists four items: 'Universal product importer CSV XML' (€ 200.00), 'Pixmania Magento importer profile' (€ 100.00), 'Bulk image downloader' (€ 50.00), and 'osCommerce Importer addon for Maguniversal Importer' (€ 100.00). The Magento logo is visible at the bottom right of the featured products section.

Magdeveloper.com - Magento software distributed on a Magento Commerce Webshop

The screenshot shows the Kedelo.com website interface. At the top, there is a navigation bar with links for 'Mon compte', 'Ma liste d'envies', 'Mon panier', 'Commander', and 'Connexion'. The main header features the 'Kedelo' logo and a search bar. Below the header, a large promotional banner for a 'PHILIPS sense and simplicity' mixer is displayed, featuring a red price tag that reads '64,00€ au lieu de 76,80€'. The banner also includes the text 'Préparez simplement vos recettes maison'. Below the banner, a 'Notre Sélection' section displays a grid of 16 articles, including various kitchen appliances like a Philips Mixer, a Kenwood Robot ménager, and a Dirt Devil Aspirateur main. Each product listing includes an image, a title, a normal price, and a promotional price, along with an 'Acheter' button. The website also features a 'Comparer les produits' section and a 'Tags populaires' section.
